Tips & Tricks

I am fascinated by the number of Dealers who do not carry the A-MAZ Non-Scratch Nylon Scrub Pad. The Scrub Pad is designed to be used with the Water Stain Remover greatly enhancing the cleaning performance. The Scrub Pads are made from recycled plastics (soft drink bottles) and are custom made for A-MAZ allowing the Water Stain Remover to work without harmful chemicals.

Take the time to test the Water Stain Remover with and without the scrub pad and you will see the difference.

SPECIAL OFFER!

We will send you a FREE A-MAZ gripper kit so you can test it for yourself and experience the amazing power of the pad and Gripper handle. Your customers will appreciate the advice and perceive the added value.
